Port Highlights:

COLLEGE FJORD: Situated in the protected waters of Prince William Sound, this is the site of 16 glaciers, each named for one of the Ivy League colleges that sponsored their discovery.

DENALI NATIONAL PARK, HOME OF MT. MCKINLEY: Covering six million acres of untouched wilderness, Denali Park is one of North America's great wildlife preserves. Observe many of the 130 species of birds, 500 wildflowers, and over 40 species of mammals that make the park their home on your game drive. Stay at both the Denali Princess Lodge and the Mt. McKinley Lodge (the closest and only cruise/tour lodge to offer views of Mt. McKinley, North America's tallest peak).

FAIRBANKS: A city tour will include a drive through of the campus of the University of Alaska, the northernmost institution of higher learning. Farmers Loop Road, Old Fairbanks and a visit to view and touch a segment of the Trans-Alaska pipeline are additional points of interest. Board an authentic operating sternwheeler for a cruise on the Chena & Tanana Rivers with a stop at "Old Chena Village" for a dog-sled demonstration. Native guides will share a glimpse into the history and culture of the Athabaskan tribe. See up close amazing fish traps and the difference between glacial and fresh water rivers.

GLACIER BAY: Muir Glacier, the major glacier in Glacier Bay National Park, is almost 2 miles wide and rises about 25 stories above the water.

JUNEAU: Nestled between towering mountains and deep blue sea, Juneau is the only state capitol in the U.S. you must fly or cruise to. Visit the Alaska-Juneau gold mine, mighty Mendenhall Glacier, or the little log Chapel by the Lake . . . or the rousing Red Dog Saloon!

KETCHIKAN: "The Salmon Capital of the World". Many of the homes and sidewalks are built on pilings, trestles and docks. Enjoy a hand carving demonstration, and see the collection of totem poles at Saxman Village.

MIDNIGHT SUN EXPRESS: Princess' exclusive Midnight Sun Express is a destination in and of itself. The ULTRA DOME rail cars offer all the comforts and details of the legendary private cars of yesteryear. Relax as you view some of Alaska's spectacular scenery.

SKAGWAY: Here discover the "gold rush" and where it started. Tour this beautiful little city of wooden sidewalks and false fronted buildings. You'll marvel at the fortitude of the "cheechakos" that became "sour doughs" here.

EARLY RESERVATION SAVINGS DEADLINE It is impossible to give a definite date since spaces, savings and bonuses can be withdrawn at any time. We anticipate November 1, however, it is possible that the cruise line will initiate an earlier date because of greater than expected demand, along with the withdrawal of all unreserved spaces from our inventory. Of particular importance is the fact Alaska has a very limited supply of quality land accommodations. We are staying in the best. Because of this they tend to "be gone" early. There often is space on ships, but no spaces on land.

EARLY RESERVATIONS HELP YOU In addition to the special reduced prices and special bonuses shown above you receive many additional benefits, as well. The earlier you reserve the better choice you have as to stateroom location, flight times, airplane seating, dining times, and possible additional savings. Because of our special relationship with Princess, we will be able to obtain for you any future specials or price reductions if they are offered.
