**New and Exclusive Please Go Away™ Vacations Travel  
Protection Benefits With Full Refund of Premiums Possible!!!!**

To better serve our travelers travel insurance protections provided by the Travel Guard Group Protection Plan are included in the cost of every personally-escorted Please Go Away™ Vacations departure. Provisions of this plan cannot be waived by traveler. Premiums are fully refundable if tour doesn’t operate or cancellations occur before imposition dates of cancellation assessments, pre-existing health conditions/impairments are generally covered providing additional protection, and it is generally less expensive than many other policies. We believe the protections provided far exceed plans offered by cruise line and tour companies, particularly since our personally escorted tours routinely contain many additional components, bonuses, and benefits not covered by such other plans. Please ask questions and allow us to explain to you how you are now better protected when you “go away” with Please Go Away™ Vacations.
